BLUE LIFE SUPPORT SEMINAR

Special THANKS goes to the
Bartlesville Police Dept. & Community Center!
We couldn't do it without YOU!

Celebrate with a Bang!

Guns of Glory Grand Opening Scheduled for Sept. 17 & 18

by Deanna Evans

Guns of Glory is opening September 17-18 with special events, vendors, drawings, and giveaways. On September 20-21 they will be the hosting sponsors of Blue Life Support Seminar, with assistance from the Bartlesville Police Department and the Bartlesville Community Center.

The Guns of Glory Proshop and Indoor Range is located at 427 S. Osage Ave., in Dewey, and the Outdoor Range is a few miles away at 402643 US Highway 60 in rural Bartlesville.

The Grand Opening event on the 17th and 18th will be action-packed days, starting at 10 a.m. and going until 7 p.m.

Instructors from across the United States will be on hand to offer advice, demonstrations, and training on the safe and effective handling of firearms.

Kara Gage, Guns of Glory's Executive Marketing/Creative Director and Lead Instructor, is an NRA Training Counselor, Chief Range Safety Officer, and an Oklahoma SDA instructor. She is excited about the grand opening celebration and all the special instructors who are helping.

Israel "Izzy" Mantos with Defensive Marksmanship Instructor Group, Maggie Mordaunt and Ken Ortega with Homeland Personal Protection, and Ben Morgan with Battleline Tactical are just a few of the specialists who are participating.

"Most people know how to shoot or how a gun works, but it is important to know how to properly fight with a gun," said Morgan. "I can help people choose the best gun for how they plan to use it. Will the gun be for everyday defense or home defense?"

"I want to make sure people are going through the proper gun buying process and not just buying something because of the price tag or because they saw it on TV."

Morgan, who is a former Army Ranger and Infantry officer, also specializes in self-defense and life-saving skills.

Guns of Glory's Owner, Daniel Dawson, is passionate about helping learn about self-defense and firearms. "As a Christian, it hurts my heart to see bad people taking advantage of innocent, law-abiding citi-

zens. God gives us permission in the Bible to protect ourselves and others," said Daniel. "I wanted to open a facility that would allow people the opportunity to practice using their firearms, so they could be more confident and accurate should the need ever arise."

He also wanted to have a place where people who didn't know anything about firearms could be trained and build confidence in handling them safely and shooting them proficiently, so their fears about firearms would subside.

"I offer training for people who want to be able to defend themselves and others from criminals who do not follow laws," said Daniel. "Better to have a firearm and not need one than need one and not have it or know how to use it."

A few years ago, Daniel shared his dream of owning a firearm business with his mother, who helped him get started. Sadly, his mother got COVID-19 and passed away in March 2020.

"It is my dream to finish the last project that we started together and ensure the success she believed I was capable of achieving," he said. "To this day, I hope — since happy is all God allows us to be in Heaven — that He might let her look down on this business and it's success so she can be happy about what we started."

As the lead instructor at Guns Of Glory, Kara has a true passion for teaching self-defense. This passion stems from her past experiences. "I'm a victim, turned survivor, turned loud-mouthed advocate against

domestic violence," she said. "My ex said he would win no matter what, so a girl who was afraid of guns decided to get one. I ended up becoming an instructor then decided that type of training wasn't good enough, so I sought more and more and more training. Even if I never helped anyone else, I want to ensure not one of my four daughters will know what it is like to be a victim."

She's a strong-willed advocate for others, especially women. "As a single mom, being able to protect yourself and those you love is important, I never knew that God would use my decision of marrying a bad guy to enable me to teach people nationwide. Here I am now at this little place in Dewey, Oklahoma," she said.

Daniel is hopeful that as people learn more about firearms safety and handling, they can find the fun and joy in shooting a tiny hole accurately through a target all the way down range.

"There is a reason it's a sport," he said. "It takes skill. When you learn a skill, you can take pride in your new abilities and feel more confident in yourself. This is what brings joy to people when they shoot. I want to spread the joy I have when I shoot that tiny target downrange, with my tiny bullet, into the hearts of everyone who visits Guns of Glory."

We will close this story with Guns of Glory's logo. Daniel served in the Army as an infantryman, the logo has crossed infantry rifles, surrounded by the crown of thorns. That's what Guns Of Glory is all about: God, Guns & Country!

Lavers Now Offering IPL Treatments

Intense Pulse Light Targets Skin Discoloration

by Deana Evans

Lavers Aesthetics has expanded their services to include Intense Pulse Light Treatments.

IPL treatments target skin discoloration, rosacea, melasma, and hyper-pigmentation. These treatments use multiple waves of light to target and break down the unwanted spots in the skin. A handheld device is used to deliver light therapy.

"During the procedure, you may feel what some individuals have described as a feeling similar to an elastic band being 'snapped' on the skin," said Chris Lavers, PA-C, who owns Lavers Aesthetics along with his wife, Cory. "The length and number of sessions needed will depend on each individual's treatment plan."

Lavers Aesthetics also offers thread lifts to tighten and lift sagging skin. Dissolvable threads provide an alternative way to treat skin laxity on the face and body that has only been achievable in the past by plastic surgery. The cost is much more affordable, and since there is no downtime, this treatment is perfect for those who do not want to undergo surgery or who have seen little effect from skin tightening treatments.

A thread lift is a procedure that uses temporary sutures to produce a subtle but visible "lift" in the skin. Instead of removing the sagging skin, threads lift the skin, causing it to become smoother and tighter. They also promote collagen formation around the threads, positively influencing the overall condition of the skin. As we age, we produce less and less collagen. This leads to a reduction of skin thickness by 80 percent at the age of 70, but the effects of this process are seen for decades before. Threads are part of an effective regimen to correct the signs of aging.

As always, Lavers Aesthetics also offers injectable neuromodulators such as Botox and Xeomin for fine lines and wrinkles; dermal fillers such as Revanesse Versa+ for adding volume to the lips, cheeks, tear troughs, chin, and jawline; and non-surgical injectable body contouring for the treatment of double chin or other unwanted deposits of body fat.

These treatments alone or together can help to create a more youthful appearance

Welcome to Lavers Assistant Angie Lowrey.

and reduce the signs of aging. All are non-surgical and minimally invasive, providing affordable, convenient, and effective

options to achieve desired aesthetic goals with little, if any, downtime.

Soon, they will also be offering IPL laser treatments for skin discoloration, acne, scars, rosacea, broken blood vessels, spider veins, and fine lines & wrinkles.

Follow Lavers Aesthetics on Facebook or Instagram to stay informed about specials and new aesthetic treatments.

Lavers Aesthetics is located at 5120 E. Frank Phillips Blvd. To make an appointment, call 918-876-4470. The office is open from 9 a.m. to 5 p.m. Monday through Thursday and from 9 a.m. to noon on Friday.

CHRONIC LOWER BACK PAIN

Unresolved chronic lower back pain without a solution, could be coming from your SI Joint.

- Lower Back Pain
- Pain, numbness, tingling, weakness in legs
- Feeling of leg instability (buckling/giving way)
- Disturbed sleep patterns due to pain
- Inability to sit for long periods, sitting on one side
- Pelvis/buttock pain
- Pain going from sitting to standing
- Hip/groin pain

Advice for a Healthier Back

by Deanna Evans

A local orthopedic physician wants to help educate people about reducing or eliminating pain and restoring a healthy back.

Dr. Kris Parchuri, a spinal surgeon with offices in Bartlesville and Tulsa, specializes in bringing the best possible procedure and treatment to every patient by connecting with them on a personal and professional level. His offices, Spine & Orthopedic Specialists, are located at 226 SE DeBell Ave., Bartlesville, in the building on the north side of the parking lot, and in Tulsa at 8165 S. Mingo Rd., Ste. 201.

"The key to treatment of spinal injuries is prevention," said Dr. Parchuri. "Not only is it important to maintain good core strength, but it is imperative to always use proper lifting technique. Neck and back injuries can occur regardless of our age, so we need to be smart about the risk we take with activities."

Dr. Parchuri is a proud graduate of Kansas City University of Medicine and Biosciences College of Osteopathic Medicine. He completed his orthopedic residency in Tulsa at Oklahoma State University Medical Center, followed by a spine fellowship at Texas Back Institute in Plano, Texas.

With more than 13 years of professional experience in orthopedic surgery and orthopedic surgery of the spine, Dr. Parchuri has been practicing in the area since 2010. While he specializes in treating spine-related diseases and disorders, his practice area also includes general orthopedics. Dr. Parchuri treats all types of fractures, as well as conditions related to the shoulder, elbow, hand, hip, knee, foot and ankle.

When you are experiencing pain involving your spine, Dr. Parchuri offers this advice: "Listen to your body. Fortunately, most neck and back injuries are muscular. Being so, they will resolve with rest and sometimes use of anti-inflammatories such as ibuprofen. If the pain does not resolve in 7-10 days or starts to shoot down the arms or legs, get a medical evaluation soon. There might be a more serious underlying condition."

What type of medical professional can help evaluate you for a spinal injury? "There are many health care providers that can offer the initial evaluation and work up. These include your primary care, chiropractor, or a physical therapist. These individuals will usually offer conservative options, non-surgical, prior to making a referral," Dr. Parchuri said.

At the office of Dr. Parchuri, a team of medical professionals is ready to help you get your life back today. If you are suffering from chronic or acute pain, you need the leading medical professional in Tulsa spinal surgery. He is committed, dedicated, specializes in orthopedic spine surgery and pain management, and is ready to exceed your expectations with the very best service and treatment. Dr. Parchuri can put you on the road to recovery and help you reclaim your life.

Dr. Parchuri said many people are scared or anxious to visit with a spine surgeon, because they believe the surgeon will want to operate.

"Unfortunately, this is a myth perpetuated by non-facts," he said. "Most surgeons will only recommend surgery when it is absolutely needed and when all other non-surgical options have failed. Typically, in my practice, less than 10 percent of the patients I see on a weekly basis end up needing surgery," Dr. Parchuri said. "Also, technology has dramatically changed in that fusions are quickly becoming a thing of the past. My practice is one of the leaders in performing artificial

disk replacements of the cervical and lumbar spine. This allows for a much faster recovery and essentially no loss of motion. Our professional staff prides itself on listening to each patient to ensure they receive the correct treatment."

Dr. Parchuri and his team have the advanced clinical training and education to ensure that you receive the best care for your pain. "We focus on more than just the problem," said Dr. Parchuri. "We focus on each patient as a whole and as an individual, giving you the attention you need and deserve to start moving forward in your life."

Examples of some of the outpatient procedures he offers include disc replacement, microdiscectomy, and fusions.

Disc replacement involves replacing a worn or degenerated disk in your spine with an artificial disk made of metal or a combination of metal and plastic. The benefits of disc replacement include faster recovery times and improved range of motion. Disc replacement is generally seen as cutting-edge technology and an alternative to the more common spinal fusion surgery.

Microdiscectomy is a minimally invasive surgical procedure performed on patients with a herniated disc. During this surgery, Dr. Parchuri removes portions of the herniated disc to relieve pressure on the spinal nerve column. Spinal surgery once meant large incisions, long recovery periods, and painful rehab. Fortunately, surgical advances like the microdiscectomy procedure have improved the process to patients, requiring less than a 1-inch incision and having the procedure performed on an outpatient basis.

Spinal fusions involve removing the problematic disc and replacing it with a bone graft or bone graft substitute to allow the adjacent vertebrae to eventually fuse together. Technological advancements have allowed these procedures to now be done with minimally invasive technique allowing for a quicker recovery and improved results.

Dr. Parchuri also specializes in the diagnosis and treatment for SI joint disease and dysfunction.

If non-surgical therapy fails to provide lasting relief, Dr. Parchuri and his patients may consider surgical options. The iFuse Implant System is a minimally invasive treatment option to treat some SI joint disorders. The titanium iFuse Implants are surgically inserted to fuse the joint and eliminate pain.

To schedule a consultation in Bartlesville or Tulsa, call 918-286-3124 or online at <https://sostulsa.com/dr-kris-parchuri/>.

Car Show to Help Fight Alzheimer's

by Deanna Evans

Green Country Village is hosting the Memories Matter Car Show to benefit the Alzheimer's Association and programming for their Lakeview Memory Care Community. The family-friendly event will be held from 9 a.m. to 2 p.m. Saturday, October 23 at 1025 SE Swan Drive, in Bartlesville. Admission is free.

The event will be fun for the entire family with the exhibition of cars, trucks, motorcycles, and more. There will be door prizes, a 50/50 pot, and raffle opportunities. Entertainment and yard games will be available. T-shirts will be sold, as well as food and drinks.

Sponsorship opportunities are still available for your business name to be printed on the car show t-shirts and your business name will be announced throughout the day. They are also seeking door prize donations to be given away to attendees all day.

Green Country Village offers independent living, assisted living, and Lakeview Memory Care. The staff that serve residents with dementia are specially trained in the Heartfelt Connections program. From the executive director, to the housekeeping staff, culinary services and nurses, Green Country Village residents are treated with kindness, respect, and patience as they serve their specific needs. What makes Green Country unique to Bartlesville is that it's the only not-for-profit senior living community.

Information booths from the Alzheimer's Association and other health care organizations will be onsite.

Car Show registration cost is \$30 per vehicle on the day of the event. Awards will be offered in the following categories: Best of Show Grand Prize, 10 Gold Sponsor Favorite Awards, awards for the Top 20 Cars/Trucks, awards for the Top 3 Motorcycles, Farthest Traveled Award, Green Country Village Resident Choice Award, and a Dash Plaque for every Entrant.

Proceeds from the Memories Matter Car Show will go to the Alzheimer's Association and to help people living with dementia in the Lakeview Memory Care unit at Green Country Village. Funding is needed to help with this disease.

Every 65 seconds, someone in the United States develops Alzheimer's. Currently, there are 6 million Americans who are living with Alzheimer's and other cognitive impairments. Alzheimer's kills more people than breast and prostate cancer combined. Death from Alzheimer's has increased 16 percent since the beginning of the pandemic.

In 2021, Alzheimer's and other dementias cost our country \$355 billion. The cost is projected to increase to 1.1 trillion by 2050. Over 11 million Americans provide unpaid care for people with Alzheimer's.

For more information on the Memories Matter Car Show or Green Country Village, please call 918-998-0935.

OKM's Oktoberfest On Tap For Oct. 2

by Deanna Evans

OKM traditionally hosts Oktoberfest each year. The German festival is filled with live polka bands, dancers, traditional German games, a beer and wine garden, delicious food, and children's activities.

This Bartlesville favorite is both a great cultural experience and a fun community event. All proceeds from Oktoberfest benefit OKM's annual music festival. This year's event is being held from 4-11 p.m. on Saturday, October 2, and will be located at the intersection of Dewey Avenue and Second Street.

Oktoberfest will have three tents: the main tent, teen tent, and kid tent. They are partnering with local businesses such as Price's Meat Market, Cooper & Mill, Crossing Second, and more.

This year's festival is emphasizing the family aspect with contests, raffles, and games for all ages, as well as authentic food, festive dancing, and of course, German beer. There will quite literally be something for everyone.

Adult activities include Hammerschlagen, penny toss, and corn hole. Teens can enjoy a phone scavenger hunt, large lawn games, rootbeer pong, putt putt, a money machine, bouncy equipment, and archery. Kids will have face painting, duck game, bouncy slide, color Lebkuchen, and kazoo wahoo.

OKM invites the public to come enjoy beer, wine, food, and more with Cooper & Mill Brew Co., Scissors Tail Brewing Company, Nook Brew Co., Crossing Second, Price's Meat Market, The Eatery, Roso's Coffee, and OKM's Little German Shop.

Admission is \$15 for ages 21 and up, \$10 for ages 13-20 and free for ages 12 and under.

For more information on Oktoberfest and OKM, call 918-336-9900 or visit them online at okmmusic.org.

The God of New Beginnings

by Curt Landry

Did you know we are about to enter a new year? If you're thinking, "Wait, the new year is still months away," you are partly right. The Gregorian calendar, the one we use in the western world, still has several months of 2021 left. However, on the Hebrew calendar, the one the Lord outlined in the Bible for His nation to follow, we are about to usher in a new year — the year 5782!

Have you noticed how many new beginnings surround you?

- A new year
- A new season
- New mercies

Some of you are starting new jobs or sending your children off to new schools. Whatever new thing God is doing, it is not by mistake.

Our Lord is the God of new beginnings. The Word of God says that He gives us new mercies every day (see Lamentations 3:22-24). He tells us not to remember the former things, but to look forward to the new thing He is doing (see Isaiah 43:18-21).

We are in a season of newness. So, embrace the new beginning. Bask in His glory in new ways, and step into the new thing He is doing in your life.

Rosh Hashanah | The New Year

In the Word, God tells us that Rosh Hashanah is the head of the year, the start of a new year on His divine calendar. Rosh Hashanah is also referred to as the "Feast of Trumpets" (see Leviticus 23:23-25). We blow the trumpet, or the shofar, to awaken our souls to what the Spirit of God is doing in the new year.

The Word also tells us that...

- We are a new creation in Christ (2 Corinthians 5:17)
- We are to renew our minds (Romans 12:2)
- We are to take off the old and put on the new (Ephesians 4:22-24)

Again, the Lord is the God of new beginnings! Rosh Hashanah is a time of new beginnings. It is an appointed time written in His Word when we can observe the new thing He wants to do within us.

During this time, let us turn to Him and ask Him to make us new, show us the new thing He is doing, and awaken our hearts so that we might walk with authority in the new year.

What Are New Beginnings?

NEW BEGINNINGS are opportunities to come under the covenant love and protection of the Father, to turn and return to Him.

NEW BEGINNINGS are doors that open, revealing how the Lord shapes our characters into being more like Jesus and less like the flesh.

NEW BEGINNINGS are moments when God pours out fresh anointings of His love, mercy, and instruction upon those who are prepared to receive it — prepared to walk in the authority as kings and priests.

NEW BEGINNINGS are an awakening blast coming from the trumpets of Heaven.

What is the Spirit of God saying to you?

What new beginning, new doors of opportunity, and new levels of covenant understanding is He opening the Heavens for you to see in this hour?

Don't Fear the New Thing...

You don't have to fear the new thing God is doing because Psalm 121:5-8 promises...

"The Lord is your keeper; the Lord is your shade at your right hand. The sun shall not strike you by day, nor the moon by night. The Lord shall preserve you from all evil; He shall preserve your soul. The Lord shall preserve your going out and your coming in from this time forth, and even forevermore."

Let new waters rush over you in this season. His plans are good!

Curt Landry, founder of *House of David* and *Curt Landry Ministries*, and his wife Christie, travel extensively, preaching and teaching about the Jewish roots of the Christian faith. Together, their passion is to empower families to live and leave Kingdom legacies and understand their own personal heritage.
